UKHCA REQUEST - REDUCING BUREAUCRACY IN THE HEALTH AND SOCIAL CARE SYSTEM: HAVE YOUR SAY

Over the last few months have you experienced multiple information requests from Central or Local Government or national Regulators, or been unclear as to who is accountable for what?

If so, UKHCA would encourage you to take part in this [Consultation](#) from the Department of Health and Social Care (DHSC) to help build an up-to-date picture of the most common bureaucratic burdens experienced by you and to influence changes to processes, rules and regulations in the short-medium term.

The consultation is an opportunity for all those currently working in health or social care, in England, or those who have recently left, to share their views about overly burdensome or dysfunctional bureaucracy in the health and social care system.

URGENT UPDATE TO MARLEY STADIUM OPENING TIMES FOR TESTING AND COLLECTIONS

See the [Provider Zone](#) for attachments.

Please note that this is an update of the information outlined in the Provider bulletin on 30 July and 04 August 2020.

Please see below revised opening times for accessing tests at Marley Stadium Test Centre which changes collection times on Tuesday's and Thursdays to afternoon collections rather than morning collections which is the current arrangement. If you already have a future booking for collection or return on a Tuesday or Thursday the testing team will send you a revised confirmation to set out your new collection and return times. All other bookings are not affected.

If this causes you any logistical problems please contact a member of the **Testing Team** on **01274 437070** who will be happy to make alternative arrangements where capacity allows.

COVID-19 SYSTEM ROLES AND RESPONSIBILITIES CARE HOME SWABBING PATHWAY

The Government's number one priority for adult social care is for everyone who relies on care to get the care they need throughout the COVID-19 pandemic. Millions of people rely on this care and support every day. As the pandemic progresses, these vital services must remain resilient.

Roles, responsibilities and pathways have been brought together incorporating current national guidance (DHCS, 2020), and working with system partners to establish workable local pathways.

See the [Provider Zone](#) for more details.
