

Directorate of Multi-Professional Dental Education

Oral Health Training for those Supporting People with Learning Disabilities and Autism Free 1 Hour Virtual Training Session

This online training will give practical advice on oral health conditions and the management and risk factors for dental disease typically impacting on the patient with learning disabilities and autism

Topic areas will include:

- The importance of a good oral hygiene routine and the impact it can have on general health
- The reasons for oral health deterioration in patients with learning disabilities and autism
- Toothbrushing technique including toothbrush adaptations and the relevance of fluoride toothpaste and mouthwashes
- The importance of regular dental examinations, costs, and exemptions.

Training Dates:

- Tuesday 10th January 2023 13:00-14:00
- Tuesday 7th February 2023 13:00-14:00
- Wednesday 8th March 2023 13:00-14:00

A certificate for one-hour Continuous Professional Development will awarded.
