

Bradford College

Can you support a student in your local community?

Bradford College students are looking to develop their employability skills and gain practical hands on experience in their chosen fields, by joining a local business like yours.

Work Experience

Supporting a student for 30 hours over a one week period

Industry Placements

150 - 315 hours where the student attends the business one / two days per week throughout the academic year

If you are able to help, get in touch below.

[Yes - I can help!](#)

Why consider work placements?

- Support and develop an emerging new workforce
- Have access to a pool of talent and give you the opportunity to recruit and test new staff
- Develop the supervisory and management skills of your existing workforce

What is involved?

- Provide a quality work opportunity in a related subject
- Identify a named individual to work with the student
- Collectively agree aims and objectives, duties and tasks for them to complete during their time with you

We have a number of students ready to complete work experience and industry placements in various areas including: **Engineering, Construction, IT, Business Admin, Science, Health & Social Care, Early Years, Dental, Sport, Hair & Beauty and Hospitality.**

If you are able to support our students with the above, please [get in touch](#).

Bradford College programmes are designed to develop a student's employability skills and a key part of this is to access an external meaningful and relevant work placement that is appropriate to the student's individual needs. Bradford College is committed to improving

the work and life prospects for all students, which directly links to the College's overall mission of Employment Education Enterprise.
