UK SPF COMMUNITY GRANTS

Groundwork is working with the West Yorkshire Combined Authority to deliver Community Grants, a programme designed to support people with complex barriers to move towards employment and digital inclusion.

Projects should support people who struggle to engage with mainstream provision, including those who are 'socially excluded' e.g. those with long term health problems. The programme will offer grants between £15,000 and £50,000 to voluntary, community and social enterprise groups across West Yorkshire. The scheme opens in May 2024 for applications with rolling grant panels. Successful projects will be expected to complete delivery by December 2024. Head to the WYCA website to register your interest in the fund. Closing date is 29th June 2024 [West Yorkshire Combined Authority Community Grants - Groundwork](#).
