We're pleased to let you know that, following the success of last year's initiative, the Adults Commissioning and Contracts Teams will once again be collecting equalities data from our Providers as part of our annual process.

The response in 2024 was excellent, and the information gathered has proven to be extremely valuable in helping us better understand and support the diverse communities we serve.

## **WEST YORKSHIRE FINANCIAL EXPLOITATION AND ABUSE TRAINING FOR PROFESSIONALS**

The West Yorkshire Financial Exploitation and Abuse Team (WYFEAT) offer a free training session to professionals regarding financial abuse and exploitation, which has recently been extended to 75minute session. The session explores in depth at how financial abuse comes under The Care Act 2014, and how as professionals we can help to safeguard service users from doorstep crime and financial abuse. We aim to address the stigma attached to being scammed and how we can change this. The training session has real case studies from victims in West Yorkshire that have been financially abused. This is to illustrate the kind of work WYFEAT undertake. The role of WYFEAT and the referral process will also be explained in detail and the session explores what practical measures are available to victims in West Yorkshire in order help combat financial abuse and prevent further victims.
