COMPETITION

SENDiVERSE
FESTIVAL 2025

1. Design a sculpture shape

Think big, bold, and brilliant!

Imagine a sculpture that looks incredible from every angle — something you can walk around and admire from the front, back, and sides.

When designing your shape, ask yourself:

- How will it look when lights shine on it or through it?
- Will it cast interesting shadows?
- Could different coloured lights glow inside it?
- Will it look amazing in the dark?

You don't need to add real lights to your model — just imagine the shape and how light could make it even more magical.

Once you've created your exciting shape, add truck-art-style decorations. Have a look at our pictures for inspiration!

2. Build your model.

Use any materials you like — clay, cardboard, LEGO, papier-mâché, tin foil, or even junk modelling. Your sculpture doesn't need to be perfect or fancy — we just want to see your amazing ideas! Decorate it with glitter, paint, crayons, sequins, or anything else you love.

3. Keep it the right size.

Since it's a model, it should be no taller than 60 cm (smaller is fine too).

4. Show it off.

When your model is complete, take 2–3 clear photos from different angles.

5. Email your photos

Send your photos to info@the-leap.org.uk by **12 noon on Friday 18th October 2025**.

Use the subject line: "Sculpture Competition."

Please include:

- Your name
- Your age
- Your school or group (if applicable)
- Contact details (parent/carer/teacher if you are under 16)
- A phone number
- The first part of your postcode

If you are under 16, please ask an adult to help you.

6. Judging

Our judges will select five finalists.

7. Display and award

Your original model must be available for display at SENDiVERSE Festival on Saturday 1st November.

The final winner will be announced and awarded at the Festival.

What is Sculpture?

Sculptures are large, creative shapes that make our parks and streets feel special. They inspire people to imagine new ideas and share stories about who we are. Artists and sculptors use all kinds of different materials to design them.

What is Truck Art?

In Pakistan, people decorate trucks with bright colours, fun patterns, and pictures of animals, flowers, or even famous people. They add shiny stickers, poems, and decorations made of wood and metal. The trucks turn into moving pieces of art!

Your sculpture will be covered in bright colours and fun designs — just like truck art. It's a chance to share your ideas, tell stories, and make something wonderful together.
