

Leadership Development Training Well Led Programme

Following the success of last year's Leadership Development Programmes, Bradford Care Association (BCA) is pleased to once again support providers through access to the Skills for Care Well-Led Programme, delivered by Leeds Leadership Academy.

Leeds Leadership Academy is a Skills for Care quality-assured learning provider, recognised for delivering high-quality leadership development that meets the needs of the adult social care workforce and the people who rely on care and support services.

About the Programme

This programme consists of four full-day, face-to-face workshops designed specifically for leaders working in adult social care.

Developed in partnership with registered managers who understand the day-to-day realities and challenges of leading care services, the programme equips leaders with the skills, knowledge and confidence to deliver services that meet the expectations of a well-led organisation.

Why Attend?

The Care Quality Commission (CQC) expects leaders at all levels to be capable, compassionate, inclusive and credible, with the skills, knowledge, experience and integrity required to deliver safe, effective and person-centred care.

By attending, delegates will:

- Gain an understanding of what leaders in well-led organisations do to achieve high standards.
- Explore practical examples and approaches that can be applied within their own services.
- Strengthen their leadership skills to support the delivery of high-quality, person-centred care.
- Build confidence in meeting the expectations of the CQC Well-Led framework.

Costs: The programme costs £525 per person, which will be invoiced directly by Leeds Leadership Academy.

Funding Available

Yes. Adult social care employers in England may be able to claim the full cost of the programme through the ASC Learning and Development Support Scheme (LDSS), subject to eligibility criteria and successful completion of the course.

Bradford Cares

Well Led Programme

This programme consists of four interactive modules that help managers develop effective leadership skills in adult social care. It focuses on understanding what good leadership looks like, improving service quality, building confidence to lead in challenging environments, setting personal leadership goals, and learning through collaboration and networking with other professionals.

Who Should Attend? This programme is suitable for:

- New and experienced Registered Managers
- Deputy Managers
- Service Managers
- Other managers working within adult social care services

Programme dates:

This course consists of four classroom sessions. Delegates **must attend all four sessions**. Individual sessions cannot be booked separately. Attendance by the same individual at all four workshops is essential to complete the course.
