

# West Yorkshire Pharmacy Opening Hours – Easter Bank Holiday's 2024

# Pharmacy Opening Hours

**Good Friday 29<sup>th</sup> March 2024**  
**Easter Sunday 31<sup>st</sup> March 2024**  
**Easter Monday 1<sup>st</sup> April 2024**

Version number: **V3.0**

Date: **21/03/2024**

Prepared by: NHS West Yorkshire Integrated Care Board (NHS WY ICB) - Primary Care Team

**Whilst the information in this document was up to date at the point of publication, please be mindful of the changing situation for all healthcare providers may mean that details have changed.**

It is recommended that the NHS website [www.nhs.uk](http://www.nhs.uk) is used to locate which community pharmacies are currently open as this will provide the most up-to-date information (Link: [FIND A PHARMACY - NHS.UK](http://www.nhs.uk)). The search results can be filtered to show only pharmacies that are open at the time of the search. In addition, the search results are not limited to West Yorkshire boundaries so may return pharmacies not included in this document, providing additional choice.

Health and care professionals can access [NHS Service Finder](https://digital.nhs.uk/services/nhs-service-finder) as a quick way to access accurate, real-time information to help signpost patients to pharmacies based on the services that they provide <https://digital.nhs.uk/services/nhs-service-finder>

# 1 Background

## 1.1 Bank Holidays

In England, community pharmacy contractors do not have to open on Christmas Day, Good Friday and Easter Sunday or a day which has been specifically designated as a 'bank holiday', unless directed to open by NHS WY ICB.

NHS WY ICB work with community pharmacy contractors to ensure that there is access to pharmacy services on all bank holidays, Christmas Day, Good Friday and Easter Sunday. This Pharmacy Opening Hours document provides information of the pharmacy opening on the 2024 Easter Bank Holidays.

**Please note we are mindful of the changing situation for all healthcare providers and would encourage the use of the NHS website [www.nhs.uk](http://www.nhs.uk) and contacting pharmacies to check for specific pharmacy opening times [FIND A PHARMACY - NHS.UK](#)**

## 1.2 Palliative Care Providers

To enable the prompt supply of specialist palliative care medicines, the demand for which may be urgent and/or unpredictable several pharmacies within West Yorkshire are commissioned by NHS WY ICB to maintain a stock of specified drugs.

This service is commissioned to ensure that patients have access to palliative care drugs when their usual pharmacy does not have them in stock. The patient's usual pharmacy should be the first point of contact.

Details of those pharmacies that provide the service and have confirmed that they will be open this Bank Holiday can be found on this rota.

Health and care professionals are encouraged to access NHS Service Finder, <https://digital.nhs.uk/services/nhs-service-finder> to locate a community pharmacy currently open who routinely holds palliative and end of life critical medicines.

- The term 'Pharmacy Palliative Care Medication Stockholder' should be used to search NHS Service Finder.
- NHS Service Finder search is not limited to West Yorkshire boundaries.
- An NHS Service Finder search will return a greater number of pharmacies than within this document as service finder lists pharmacies who routinely hold palliative and end of life medicines under the national Pharmacy Quality Scheme as well as those commissioned by WY ICB.
- NHS Service Finder results can be filtered to find which pharmacies are open now or at a specified time.
- Given the unpredictable and urgent nature of requests for palliative care drugs it is recommended that the pharmacy is called in advance to ensure that the

required items are in stock and have not been exhausted by previous supplies made during the bank holiday period.

- Prescribers are reminded of the top tips for prescribers and procedure for obtaining urgently required information available here [Appendix-One-Revised-Formulary-information-sheet.pdf \(cpwy.org\)](#)

### 1.3 NHS Community Pharmacist Consultation Service (CPCS)

The NHS Community Pharmacist Consultation Service (CPCS) was launched by NHS England on the 29 October 2019, to facilitate patients having a same day appointment with their community pharmacist for minor illness or an urgent supply of a regular medicine, improving access to services and providing more convenient treatment closer to patients' homes. The service is helping to alleviate pressure on GP appointments and emergency departments, in addition to harnessing the skills and medicines knowledge of pharmacists. Should the patient need to be escalated or referred to an alternative service, the pharmacist can arrange this.

The service is based on a referral form NHS111 (online or from call advisor), GP practice or UEC.

### 1.4 Minor Ailment Scheme Providers (MAS)

The Minor Ailment Scheme enables, for a defined list of minor ailments, medication considered necessary for treatment will be provided free of charge for those patients who are exempt from prescription charges. Those who would usually pay for their prescriptions will still be encouraged to purchase their medication, as many of the treatments will cost less than the prescription charge.

Note that all community pharmacies provide free NHS self-care advice about a range of common conditions and minor injuries, such as coughs, colds, sore throats, tummy trouble and aches and pains.

### 1.5 Information for Community Pharmacy Contractors

A pharmacy must open to provide pharmaceutical services for its core contractual and supplementary hours each week. Where the pharmacy would ordinarily be open on a Bank Holiday (including Good Friday, Easter Sunday and Christmas Day) the hours that it would ordinarily be open will, on those days, be treated as having been open for the purpose of counting the core contractual hours that week.

Whilst contractors do not have to give formal notice of closures on these public and bank holidays, they must ensure that their NHS Profile Manager is accurate which will be reflected on the Directory of Services (DoS). If contractors want to reduce supplementary hours on other days, for example, to close early, notice of that intention should be given to NHS WY ICB at least 5 weeks in advance.

[NHS Profile Manager](#) must be updated accordingly to reflect accurate opening hours for both planned and unplanned temporary suspension of pharmaceutical services. This is to ensure that the information available to patients, via the [NHS website](#) and healthcare professional, via [NHS Service Finder](#) and Directory of Services is accurate and that patients are not directed to a closed pharmacy.

## 1.6 Direct to Open

Pharmacy contractors are encouraged to inform NHS WY ICB whether their premises will be open on Bank Holidays. This information is of critical importance to NHS WY ICB to enable planning and commissioning of pharmacy provision during holiday periods.

To secure adequate provision of pharmaceutical services, NHS WY ICB will continue to work with community pharmacy contractors to ensure there is access to pharmacy services on all bank holidays, Christmas Day, Good Friday and Easter Sunday. This may be through voluntary or commissioned Bank Holiday opening hours. NHS WY ICB may issue a direction requiring a pharmacy to open, but if doing so must ensure the pharmacy receives reasonable remuneration.

**Please note we are mindful of the changing situation for all healthcare providers and would encourage the use of the NHS website [www.nhs.uk](http://www.nhs.uk) and contacting pharmacies to check for specific pharmacy opening times [FIND A PHARMACY - NHS.UK](#)**
