LEARNING DISABILITIES WEIGHT MANAGEMENT PATHWAY

The learning disabilities team at Waddiloves are developing a weight management pathway that will look at how to support people with learning disabilities, their families and services involved around managing weight, diet and exercise.

We would really like to get feedback from local services who support people with learning disabilities about what they would find useful in terms of resources, training, etc. A call will take place on Microsoft Teams on August 26th at 2.30pm to get people's thoughts on what would work or would not work.

If you would like to be involved please let Victoria.donnelly@bdct.nhs.uk or simone.darling@bdct.nhs.uk know and you will be added to the group. If you cannot make the session but would still like to give some feedback please email us your thoughts or suggestions.
