This webinar follows on from the previous webinar which was 'End of Life Care.' Bereavement is the experience of losing someone important to us and is characterised by grief, which is the process and the range of emotions we go through as we gradually adjust to the loss. Claire Henry, MBE and colleagues from Skills for Care will be discussing what bereavement in the workplace setting means and how we can support you at this time including support to help you move forward.

If you have any questions on a topic that you'd like to see raised during the webinar, please email events@skillsforcare.org.uk

These webinars are part of a series of recorded webinars on a variety of topics to assist managers to respond to the additional pressures of COVID-19. You can find all our recorded webinars on our www.skillsforcare.org.uk/COVID-19webinars
